**\*ARMY Declass/Release Instructions On File\***

Colonel Matthew Baird  
Director of Training  
Central Intelligence Agency  
Washington 25, D. C.

Dear Colonel Baird:

The U. S. Army Intelligence School has reinstituted the Associate Military Intelligence Officer Career Course. The purpose of this course is to provide selected commissioned officers with advanced intelligence training as well as a working knowledge in the duties and responsibilities of Army Intelligence officers.

Included in our program of instruction for this course are guest lectures which we have outlined on inclosure 1 to this correspondence. In addition to the proposed dates and times, we have included scopes of lectures and names of previous speakers. It would be appreciated if you would again make these speakers (or appropriate alternates) available to address our associate course as they have so capably done in the past.

These units, together with additional instruction, are projected for inclusion again in the program for our regular career course students during fiscal year 1964. As soon as dates have been determined, separate requests will be forwarded for speakers from your agency.

As has been done in the past, it is suggested that a portion of the lecture period be reserved for a question and answer session. All of the students will have been cleared for information classified TOP SECRET.

Administrative details will be handled by our Coordination and Scheduling Division, Office of Academic Operations, telephone MEDford 3-9000, extension 2221 or 4181.

It is hoped that this request will meet with your approval and that your speakers will plan to have lunch with members of the Staff and Faculty on the day of their respective presentations.

Sincerely yours,

MATTHEW C. STEWART  
Colonel, AIS  
Assistant Commandant
